TO WHOM IT MAY CONCERN

Dear Madame, Monsieur,

As a Jordanian/Swiss professional with extensive experience leading marketing and sales operations across the Middle East and Levant, I am writing to express my interest in joining your team. Having recently returned to Geneva, I offer a unique combination of local Swiss values and a deep-rooted professional network across Jordan, Iraq, and the GCC.

Throughout my career, I have specialized in transforming traditional marketing expenses into long-term strategic assets. My background is defined by an autodidactic approach to technology and a proven ability to navigate complex international markets. Key highlights of my professional contributions include:

- **Strategic Infrastructure Development:** Rather than relying on temporary third-party rentals, I designed and executed a proprietary 80-location billboard network to ensure permanent brand dominance and operational autonomy.
- **Market Entry & Expansion:** Successfully managed product launches and market penetration strategies for global brands such as LG Electronics, Hyundai Motors, and Cairo Amman Bank.
- **Operational Leadership:** Experienced in managing cross-functional teams, including community managers, developers, and designers, to deliver integrated digital and offline campaigns.
- **MarTech & AI Integration:** I proactively leverage automation (Make.com [🔗](#), Google Cloud) and AI-driven workflows to streamline market research and lead generation, as demonstrated by my independent project, MENA-Review.com [🔗](#).

My "neutral" Arabic dialect and extensive experience with regional corporate structures allow me to act as a bridge between Swiss headquarters and Middle Eastern prospects, facilitating smoother negotiations and stronger business relationships.

I am a Swiss national, currently residing in Geneva and available for an immediate start. I look forward to the opportunity to discuss how my regional expertise and strategic mindset can support your company's growth objectives in 2026.

Best regards,
Marwan Sharaiha
